

The GREY EARDL

ILLUSTRATION, CARDS + GIFTS

Hello there,

I am The Grey Earl (also known as Jon),
a full time illustrator and tea drinker, making
work, somewhere in the hills of rural Scotland
(how mysterious!)

Welcome to my catalogue of work, which
includes my entire range of greetings cards
and gifts, 'with a distinct sense of humour that
appeal to both children and adults alike'

I am a proud supporter of home grown businesses and can happily say that all of
my printed products are sourced from suppliers around the UK.

As well as trying my best to keep as much manufacturing as possible on these
shores, I am also on a mission to use the most environmentally friendly production
methods and materials possible. I am very pleased to say that all of my greetings
cards and envelopes are made from 100% recycled papers (the power used to
make them generated by wind farms no less!) and the plastic sleeves are made
from corn starch which are fully biodegradeable, so you can throw them in your
compost bin hassle free, safe in the knowledge it isn't going to end up in the sea
or building up in landfill, good news!

If you would like to find out more about my work, please do get in touch.
